

Hair Professional Apprenticeship for 16-18 year olds

This high quality apprenticeship standard offers a real job and a real salary while gaining skills and valuable experience in a top end salon. All your training and assessments, other than the assessment at the end of your apprenticeship, will happen at the place where you will learn from the best – where you work. Best of all, there are no fees or loans to worry about! There is no cost for 16-18 year-olds completing an apprenticeship and your employer will receive a £1,000 incentive payment from the Government, paid in two installments.

You will be very well supported. You, your employer and parent or carer will sign a Commitment Statement that sets out what is expected of you as an apprentice and how best to support you on your journey to a successful career in hairdressing.

English and maths are built into the apprenticeship and if you are not yet at level 2 in these subjects (GCSE grades A* - C or grade 9 - 4) you will work towards Functional Skills qualifications.

The apprenticeship takes around 24 months and the final part is an end-point assessment when you demonstrate your hairdressing skills and knowledge to an independent assessor. On graduating, you will receive a City & Guilds Diploma and you can then start thinking about progressing to a higher level apprenticeship.

We want you to be absolutely sure that this apprenticeship is the right choice. Therefore, you will complete a 3-month work trial, on full-time hours, before you are signed up to your apprenticeship. You will develop useful skills that will help with your apprenticeship and experience what it's like to be on your feet all day, 5 days a week.

Diploma for Hair Professionals includes the following units:

- Consultation
 - Shampoo, condition and treat the hair and scalp
