

Apprenticeship Ambassadors

As a training provider, ITS promotes hairdressing apprenticeships to employers, young people, teachers and parents, with the support of a small team of Apprenticeship Ambassadors.

Who are our Apprenticeship Ambassadors?

Our Apprenticeship Ambassadors are either Apprentices at the moment or completed an apprenticeship with ITS a little while ago. They all work as professional hairdressers in high quality salons and are keen to let others know how doing an apprenticeship with ITS helped them to achieve qualifications and realise their career ambitions.

What do Apprenticeship Ambassadors do?

- Champion apprenticeships by talking to students in Years 9 and upwards
- Attend careers events to promote the benefits of apprenticeships
- Offer information, advice and guidance about doing a hairdressing apprenticeship
- Explain what being a hairdressing apprentice is like
- Suggest how to go about securing a hairdressing apprenticeship

How could an Apprenticeship Ambassador help you?

If you are at school, or recently left, and you are making decisions about a career in hairdressing, chatting with someone who is, or has been an apprentice, will help you to make better decisions.

If you are a parent, carer or guardian and want to find out more about the benefits of apprenticeships, please call ITS on 02392 591666 or you can contact us via our website.

If you are a teacher or careers adviser you can arrange to hear about apprenticeships first-hand from one of our Ambassadors.

Kirsty Whittington of Macco, West Byfleet

I always enjoy being part of a positive and busy environment and love being able to put a smile on my client's faces. The satisfaction of the job is amazing! It took me just under 4 years to become a fully qualified hairdresser - this included completing my City & Guilds NVQ Levels 2 and 3 in Hairdressing with ITS.

I chose to be an ambassador for ITS because I feel they have helped me so much in the progression of my career. Most people don't realise what a great opportunity an apprenticeship is and I would love to provide them with an insight into how much my journey progressed into becoming a hairdresser first hand as I would have loved this when I was first starting my journey.

If you would like to speak to me first hand please contact ITS at either info@its-ltd.net or on **02392 591666** and they will arrange for us to speak.

work is a real education
